Tender Iziko South African Museum Shop and Café

1. BACK GROUND AND INTRODUCTION

Iziko Museums of South Africa (Iziko) is a public entity subsidised by the national Department of Arts and Culture bringing together 12 national museums situated in the Western Cape under a single governance and leadership structure. The 12 museums each have its own history and character (see www.iziko.org.za).

Iziko is an isiXhosa word, meaning ‘hearth’ – traditionally and symbolically the social centre of the home; a place associated with warmth, kinship and ancestral spirits. Here food is prepared and shared, stories are told and knowledge passed from one generation to the next. Similarly, the museums that make up Iziko are spaces for cultural interaction. We are proud to ignite connections between our shared history, our heritage, and one another.

Iziko requires a service provider to run an innovative and brand appropriate hospitality and retail service at one of our flagship museum’s - the Iziko South African Museum and Planetarium located in the Company Gardens just off Queen Victoria Street in central Cape Town.
